**Unique website offers online poker room reviews, and a whole lot more to poker enthusiasts who want to play online.**

Internet users can find more than simply poker room reviews on PokerDeal.org, which also adds regularly updated poker news and exclusive bonus offers to site members.

LOCATION: January 4, 2008 – The PokerDeal.org website has only been offering extensive online poker room reviews for a couple of months now, but already the website has developed a following for offering unique, exclusive bonus offers and plenty of the latest poker industry news. Online poker enthusiasts will find that the Poker Deal website has a lot to offer anyone seriously interested in the game.

One of the outstanding exclusive bonus deals offered to members of the PokerDeal.org website has to do with offering a bonus on certain poker rooms that have been previously reviewed by the website. For example, the bonus offered for the Party Poker room offers 120-percent of a member's first deposit, up to an extra \$200 dollars. The Full Tilt Poker room offers a 100% bonus on a member's first deposit, up to a whopping \$600 dollars. These bonuses are exclusive to Poker Deal members, which should be incentive enough to join.

But there are plenty of other incentives for members to check out the unique and innovative offerings of PokerDeal.org, including up to date poker industry news, and well-written reviews on many popular online poker rooms. With the exorbitant amount of information and resources being offered by the Poker Deal website, poker enthusiasts of all experience levels can find something worthwhile inside these pages.

The PokerDeal.org website was created specifically to help poker players of all experience levels find better poker rooms based on reviews, and better poker bonuses based on exclusive offerings. Although the PokerDeal.org website only just opened its doors a handful of months ago, this website is already proving to be an excellent resource for poker players.
